**Description:**

Special powerful two ball fan with 12,000RPM which accelerate the cooling rate  
 High quality COB LEDs make high brightness lighting  
 Low voltage protection, high precision constant current driver chip  
 Waterproof, shockproof and long lifespan up to 30,000hrs  
 Easy to installation. Just need to Plug & play

**Specification:**

Light Type	9004 9007
Light Source	COB LED Chips
Color Temperature	6000K-8000K White
Wattage	17W/Set,L/H 27W/Each Light
Lumen	High-2600LM ;Low-1500LM
LED Quantity	2PCS LED(Each Bulb)
Work Voltage(V)	12V DC
Waterproof Rate	IP67
Viewing Angle(θ)	360 Degree
NEW DESIGN	With CANbus
Material	Copper + Aluminum alloy

**Note:**

1. Please check the LED light base type and size of your vehicle to confirm if the item will fit it.
2. As a safety precaution, make sure the car has had time to cool down properly before starting the installation process.

**Installation:**

- Step 1. Remove the stock headlight bulb from the headlight.
- Step 2. Detach the "socket ring" from the new LED headlight bulb.
- Step 3. Place the "socket ring" inside of the socket on your headlight. Give it a twist to lock at place.
- Step 4. Place the new LED bulb into a socket. Give it a solid push to make sure that it stationary in there.
- Step 5. Rotate the bulb left or right to adjust.

**Package Included:**

- 2 x LED Headlight Bulbs
- 1 x Product Manual

**Product Details**

Electromechanical Industrial Park, (beside G104)  
Wanquan Town, Pinyang Wenzhou Zhejiang  
,325409, CN
